

*Hello*

*Your local police constables PC Pope and PCSO Ellis are looking at better ways of informing the residents of Chestfield of issues that may affect them; issues such as rogue traders and burglaries in the area. We would like to hear from residents who have access to the internet and who are willing to receive emails from ourselves. Ideally we would like two or three residents from each road to participate. These emails will be sent by PC Pope and PCSO Ellis when they feel there is an issue residents should be made aware of. All we ask is that should the recipients of the emails speak to their neighbours that they pass on the information.*

*If you would be interested in receiving these emails please contact*

*PCSO Abi Ellis on 07772226106*
